

SATAKE

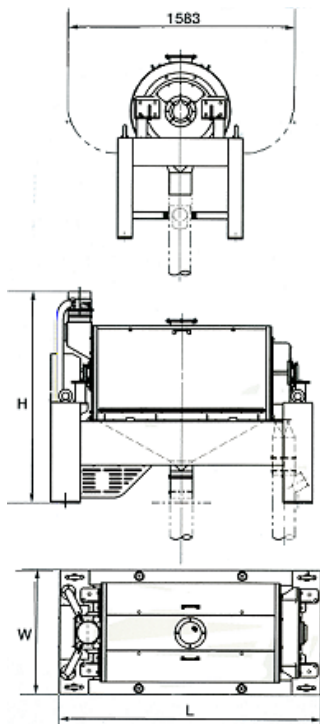

VIBRO SIFTER SVSB

The Satake Vibro Sifter SVSB is especially designed for efficient sifting of difficult stocks encountered in cereal milling processes. For example, filter flours, bran finisher throughs and maize (corn) flours which are fine, sticky and can have high oil or moisture content.

SVSB Features:

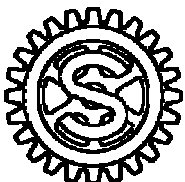

1. Compact design
2. Simple vee belt drive
3. Quick change screen
4. Hygienic construction
5. Simple to maintain

Model	SVSB45A	
Capacity	450 kg/hr*	
Motor	3.7kW-4P	
Beater Rotation	1200rpm	
Screen Material	Stainless steel or nylon cloth	
Inlet Diameter	153mm	
Outlet Diameter	150mm each	
Outside Dimensions	W	850mm
	L	1,777mm
	H	1,450mm
Net Weight	550kg	

* Capacity is dependent upon application

All Satake products are the subject of continuous development and, as a result, their specification may change and differ in detail from that outlined in this leaflet.
